YOUR PREMIER TODAY**

STOP GM ALFALFA IN ONTARIO!

Urgent Action–September: GM alfalfa threatens farmers and our food. GM contamination is inevitable because alfalfa is a perennial crop pollinated by bees. Alfalfa is often grown in hay and pasture and is important to family farmers across Ontario.

Urgent Action–September: GM alfalfa threatens farmers and our food. GM contamination is inevitable because alfalfa is a perennial crop pollinated by bees. Alfalfa is often grown in hay and pasture and is important to family farmers across Ontario.

We need your help in Ontario right now!

Support the two farmers who, on behalf of many, have used Ontario's Environmental Bill of Rights to ask the government to conduct an environmental assessment of genetically modified (GM) alfalfa. Ontario's Minister of the Environment will decide by Sept 30. GM alfalfa seeds are not yet on the market, so now's the time to act!

Please take one or more of these IMPORTANT ACTIONS!
EMAIL THE PREMIER INSTANTLY www.cban.ca/ONPremierletter

Send a **LETTER, EMAIL** or **CALL**:

Premier/Minister of Agriculture Wynne
Kathleen Wynne, Premier
Legislative Building , Queen's Park, Toronto ON M7A 1A1
416-325-1941 | premier@ontario.ca

Jim Bradley, Minister of Environment
11th Floor, Ferguson Block, 77 Wellesley Street West
Toronto, ON M7A 2T5
416-314-6790 | jbradley.mpp@liberal.ola.org

WRITE to your Member of the Provincial Parliament (MPP), or drop by their local office with a copy of the environmental assessment report. Print it up from www.cban.ca/ECOrequest

PRINT AND DISTRIBUTE these handouts in your community! Download them from www.cban.ca/ONalfaflaactionflyer

Thank you for your action!
