# DEMAND MANDATORY LABELLING.

Demand transparency and choice. Stop unlabelled, unregulated GM foods.

Sign the **House of Commons e-petition 6768** for mandatory labelling of all genetically engineered (genetically modified or GM) foods in Canada.

**We need your help to get as many signatures as possible.** Show the government and food companies that you care about the impacts and risks of genetically modified organisms (GMOs) on our health, food system and environment, and you want transparency and choice.
